

REALITY INSTRUCTOR TRAINING

YOUR PARTNER IN SUCCESS

INSTRUCTOR TRAINING

PART 1 TRAINING.

We estimate that we will spend 2-4 hours with you on this part. Some time with the laptop, going through hazard perception tests and some time going through the multiple-choice questions. We are of course happy to answer telephone calls, or, provide extra training as is necessary.

You can purchase at cost:

1. CD Rom for hazard perception practice.
2. Highway code.
3. Question and answer bank for the theory test.

In addition you can buy through us or obtain:

“Driving the essential skills” – a DSA publication

“The driving test explained” – a DSA publication

“Practical teaching skills for driving instructors”.

We can obtain them at a slight reduction and pass the savings on to you.

The cost for the time on Part 1 is £25 per hour.

We will normally use a 1 hour session theory plus 2 hours practical at the same appointment. Fees for the practical are £40.00 per hour.

Any additional hours will be charged at £20.00 for theory work (other than phone calls).
